

FROM EDWARD AND JOAN COLTHORPE.
CODDENHAM - SUFFOLK

To the catering staff, and management Ipswich Sports Centre.

Dear all.

Any words suitably written to describe the warm friendliness, efficiency of the meal, and general friendliness within the atmosphere of the occasion of the Joan's birthday. Do not come easily to mind on this special occasion.

The overall generosity is one that we acknowledge to be of first class service, that it has now been our privilege to share with you all on many visits to your establishment . To be repeated on may more visits now being planned for months to come.

The fact that the catering and bar staff integrate their duties with such compassion and always with smiles, are factors that Joan and I recognise from our own professional experiences within the trade you now work within.

In short the whole day, is one that our friends and ourselves will talk about very positively over the coming weeks.

We both look forward to our next meeting with you in our usual anticipation.

Sincerely with our love and best wishes to all.

Edward
